

REACH Compliance Statement

Shanghai awinic technology co., ltd. (awinic), supports the aim of REACH in improving the protection of human health and the environment through identification of the intrinsic properties of chemical substances. Awinic meets all applicable REACH requirements and is committed to providing customers with information about substances in products as required.

Products offered by awinic are articles, as defined in the REACH regulation, and do not release substances under normal use. Registration of substances used in the manufacture of articles does not apply to products as awinic do not manufacture products or import or use chemicals.

Awinic products are comply with the requirements that Substances of Very High Concern (SVHC) are present in a concentration limit within 0.1% on an article level.

Awinic assure customers that awinic products are in full compliance with the REACH requirements. And customers will be notified immediately if any SVHC use is determined.
